WILBOR'S COMPOUND OF
PURE COD LIVER OIL AND LIME.

A CURE FOR CONSUMPTION, COUGHS, COLDS ASTHMA, BRONCHITIS, GENERAL DEBILITY, AND ALL SCROFULOUS HUMORS.

THE Proprietor has succeeded (from directions of Professor Stone) in combining the Oil and Lime so perfectly that the taste of the Oil, which is so nauseous to persons generally, is entirely overcome, and it can be taken by the most delicate females with pleasure. And as regards the benefit of this article over the clear oil, the following case, by Prof. Stone, is sufficient to convince the most skeptical. The young lady was twenty-four years of age.

"Her disease was one of unmixed phthisis, which had been expected to terminate in the course of a few months; fatally. The upper part of both her lungs were filled with tubercles; and in some places were beginning to soften. The case was evidently a bad one. The treatment was Cod Liver Oil was at first used, but without marked improvement. The Phosphate of Lime was then administered with the oil, and the result, as in the case of many others, was soon apparent. The patient was rapidly getting well."

☞ NOTICE.—On account of the great reputation of this Compound for all Lung complaints, the subscriber would caution the afflicted against using any except that manufactured by him, as he has the only recipe in the United States for combining the pure Oil with lime in a proper manner. Therefore as you value your health, purchase none except that manufactured by

PATENT SELF HEATING
SMOOTHING IRON!

MANY important improvements have been made, since the beginning of the present century, relieving and facilitating the labor of men by machinery and other modern implements, but females have been nearly neglected until the introduction of their *neat Self Heating Smoothing Iron*, which will relieve them in a very great degree, from the excessive and fatiguing labor of *Ironing*, besides being a great saving of time and expense. This Iron combines economy, convenience, saving of labor, and despatch; one dent's worth of dry charcoal supplies fuel for a whole day's constant ironing. Hard wood coal from the stove will answer the same purpose. It can be used in any room or in the open air. Hatters' and Tailors' Irons are constructed upon the same principle, and possess equal superiority.

PROFESSOR ALEX. C. BARRY'S
TRICOPHERICUS,
or Medicated Compound,

FOR beautifying, improving, and preserving the Hair, curing cuts, bruises, burns, stings, chilblains, and all irritations of the skin. A proportion, the sale of which amounts to one million of bottles annually, would seem to need no advertisement; but as the thousands who purchase use and approve of it, have probably no idea of the enormous extent of the business done by Professor Barry, he gives herewith a plain statement of facts derived from his books, and with them tenders his earnest and hearty thanks to his innumerable patronage.

Professor Barry's accounts of sales for the year 1852, show that during that year about 9,000 bottles of his Tricopherous were disposed of; and that the cash product of this immense sale was nearly $16,000.

This plain, unvarnished sale, is a better commentary on the value of the article than any thing its inventor could say. If it were not what it is, and if it were not valuable as a household remedy for cuts, bruises, burns, skin diseases, &c.—it would not, of course, thus be in demand. The wealthy, portion of the public would buy it at any price, but Professor Barry has reduced it to a figure so low that the poorest can avail themselves of its benefits.

Sold in large bottles (price 25 cents) by wholesale and retail, at the manufactory and office 127 Broadway, New York, and by the principal merchants and druggists throughout the United States and Canada, Mexico, West Indies, Great Britain, France, &c.

Going Away From Home.

t this season of the year, all the world who k they can afford it, are galloping away home, either in pursuit of pleasure, to get , to keep well or to get out of the way of dog-days. If one is in the city the ntry invites him, and he forthwith rush- though ten to one he spends the most of me in another city before he returns, and e is in the country, health and pleasure are to be found in the city, of course! Our people of Bangor are restless and must olnewhere. One goes into the street, and familiar faces he is accustomed to meet e vanished, he feels lonely, and incontinent- e vanishes also. A lady thinks the air of house has been breathed too often and that health requires a change, and she departs. after another thus leaves the city until the eets would seem quite deserted were it for the strangers who moodily tramp up down them having left their homes for same reasons that our people have left rs.

oubtless people, i. they think so, desire ight from going away from home even n days. They become tired, and any change es them feel better. Some seek the breezair of the coast and come back improved, gh fog and rain have dampened the pleasof their visit but most get into the cur-, and are wheeled off in cheap excursions ther cities, where they endure roasting and ing with wonderful equanimity, their minds g too much occupied with the new and nge sights that are continually meeting eyes, to allow them to give much attento the heat.

e suppose it is not of much consequence re a person goes for relaxation in dog-days, e goes *where he wants to* Mt. Desert, Mt. shington, Montreal Saratoga, the Crystal ace, one of the other may have superior ations for him, and he goes thither and reas, benefited. The change of scene has for hile turned the current of his thoughts, and comes home with mind and body unprovided. He can apply himself to his duties with re- ed vigor.

hen, one becomes restless let him go away home, to where he thinks he can enjoy elf Hennaw, be content to spend a day or ek at Pushaw, at Moosehead, or upon the ds, or he may prepare to take a trip to treal in the cheap excursion next week purse has to be referred to, and to whatever reeable place that will allow him to go, r his family of course) let him go.

☞ We understand the bills of the Mechanics Bank of this city, are now received at the Bank, Boston.

We learn from the Calais Advertiser, that the steamer Eastern City ran into the brig Typee on the 26th ult, as she went out of Eastport, and near y sunk her. The steamer was also considerably damaged by the collision, and had to put back to Eastport for repairs. A dense fog prevailed at the time.

The Advertiser says the stock holders in the steamer have been offered seventy thousand dollars for her, and some of them are in favor of taking it.

A Thief with a Conscience. The owner of the wallet advertised as found, in our yesterday's paper, (which contained $123) accidentally left upon the counter of the Veazie Bank. It was found upon Exchange street, at a little distance from the Bank, with its contents unmolested. The thief who took it from the counter, took a second thought in season, and his conscience may be in some measure relieved when it comes to his knowledge that the owner has regained it, though at some expense.

Portland Advertiser This excellent paper comes to us enlarged and marks as good a show as any city daily. From the signs of prosperity among the printers, we believe that Portland has not yet begun to "wilt."

Eastern Argus. This paper is enlarged, and looks as well as any of its Portland contemporaries. If the Argus always *behaved* as well as it looks, there might be some hope of the Democracy.

☞ We are informed by Rev. Mr. Weaver, that the Report of the Convention in the Democrat of yesterday, so far as it represents him applying the anecdote related by him to the City government, is incorrect.

☞ Dr R. R. Clay has arrived at the Hatch House, where he will be happy to see his friends, and all who wish to consult with him during the week that he will remain there.

☞ We are requested to state that Clarke's Brass Band will play at the corner of French and Somerset streets this evening at half past seven p clock.

Madame de Brissac and Napoleon I. Madame de Brissac was very deaf, still she would not appear to be so to the Emperor. Therefore before her presentation, she inquired what questions he usually asked, and was told that he almost always inquired what department a person came from, how old she was, and how many children she might have? Supposing that in the agitation of the moment her deafness might be unusually troublesome, she carefully prepared her answers to these questions. The occasion arrived, and, after she had made her three courtesies to the Emperor, he inquired

"Is your husband brother to the Duke de Brissac who was killed on the 2d of September? and did he no. inherit estates?"

"Serve and Ouse, Sire," she replied. The Emperor looked surprised at the incoherent answer, but continued,

"I believe you have no children?"

"Fifty-two, Sire."

The Emperor by this time discovered the difficulty, and consulted his tourio the direct

Terrible Riot,

New York, August 1

A terrible riot occurred on Saturday night, on the First Avenue, between the members of Engine Company No. 30, and a gang of row dies. The police were badly beaten, but finally succeeded in capturing twenty-two of the rioters who were committed in default of bail in $2000 each.

The Western Counterfeiters—Death.

Cincinnati, August 1.

The counterfeiters were examined on Saturday, before Judge Spooner, and held in $10,000 each, on a charge of counterfeiting, and in $5,000 each for robbery.

Thomas H. Cummings, Grand Worthy Patriarch of the Sons of Temperance in Ohio, died last Alliance on the 22d ult. Mr. Cummings was a Methodist clergyman.

Death of Dr. Edwards—A telegraphic despatch announces the death, at the Virginia Springs, of Rev. Dr Justin Edwards of Andover, Mass, aged about 66. He has filled many responsible stations and is widely known as the author of the sabbath documents and manuals on temperance and the Sabbath, and the Comment on the New Testament. He had carried the Comment on the Old Testament to the *Nineteenth* Psalm, on which the last words he wrote were—"Men must die and leave many things unfinished; but God lives. His cause will extend, and, by such instruments it may be shall raise up, will ultimately triumph." Dr Edwards was a graduate of Williams College—for many years was the pastor of a Congregational church in Andover—at a subsequent period President of the Theological Institution in that place, and of late had retired from public official functions. He was a man of great energy and of equal integrity.—N Y Tribune.

The citizens of Hartford, voted on Friday evening, to issue bonds to an amount not exceeding $200,000, for the purpose of supplying that city with water. The bonds are to be issued for sums of $100 or $500—to have 20 years to run, and bear interest at the rate of five or six per cent.

The agitation of this Water question should not be much longer deferred in Bangor. Pure water is as much needed here as it can be anywhere.

A correspondent of the N. Y. Evening Post attributes the obscure nervous diseases which have within the last few years changed *neuralgia* from a scientific term to a *household word*, to the use of water impregnated with lead, and refers to the published testimony of Drs Mott, Parker, and S. C. Foster, in support of his theory.

Monument to Rev. Dr. Sharp. Measures are about to be taken to secure the creation of a monument to the memory of the late Rev. Dr. Sharp. This testimonial of respect will commend itself to general favor.

☞ If you have cabbage plants set out, see that they are regularly worked, and kept free from grass and weeds. There is no liquid manure that equals the cabbage beds than soap suds. Occasional watering with it will insure vigorous growth, and delicacy vermin. Dusting at intervals with plaster serves good purpose.

Moon Counterfeiters Arrested. On the 26th inst. the police of Cincinnati arrested a gang of counterfeiters a few miles below that city, and on searching their premises found about $40,000 in counterfeit notes of the Ohio State Stock, Miami Valley Bank of Dayton and the Fairfield County Bank, nearly all signed out and done up in thousand dollar packages ready for distribution.—They also found in the stables, which had been converted into a workshop, dies, stamps, moulds, a galvanic battery, and all other apparatus necessary to an extensive counterfeiting business. The counterfeiters, six in number, fled on the approach of the officers, but were all captured.

Death of Commodore Newton. A despatch states that Commodore John T. Newton, commander of the Home Squadron of the United States, who has been lying ill at Pensacola for some time past, died on the 18th ult. The date probably, should be the 28th. The deceased was a native of Virginia

A mad dog was killed in Shirley on Friday but not till he had bitten a Mrs. Bennett, (a widow lady,) badly in one of her hands. Some cattle were also bitten by the same dog.—Boston Journal.

Hymn to the Night.

BY H. W. LONGFELLOW.

I heard the trailing garments of the Night
Sweep through her marble halls!
I saw her sable arts all fringed with light
From the celestial walls!

I felt her presence by her spell of might
Stoop o'er me from above,
The calm, majestic presence of the Night,
As of the one I love.

I heard the sounds of sorrow and delight,
The manifold, soft chimes,
That fill the haunted chambers of the Night,
Like some old poet's rhymes.

From the cool cisterns of the midnight air
My spirits drank repose;
The fountain of perpetual peace flows there,—
From those deep cisterns flows

O holy Night! from thee I learn to bear
What man has borne before!
Thou layest thy finger on the lips of Care,
And they complain no more

Peace! Peace! Orester-like I breathe this prayer!
Descend with broad winged flight,
The welcome the thrice prayed for, the most fair
The best-beloved Night

REMEMBER, THIS!

Let no one, old or young, who wishes to acquire a fine and handsome style of writing, executed with ease and freedom, fail to improve the opportunity offered by Mr Scribner, at No. 2 Harlow's Block, to-day, to-morrow, this and next week

☞ McCLURE & CO., at No's 2 and 5 Gothic Block are now closing out their large and valuable stock of Dry Goods for cost, as they are contemplating a removal and change in their business. The ladies say great bargains can now be had, and we direct all our friends who wish to get the most for their money, to visit this large and popular establishment.

CHIROGRAPHY

The citizens of Bangor will lose notice and govern themselves accordingly that Mr. SCRIBNER, the successful teacher of this a very useful accomplishment, has furnished Rooms in an odd, convenient, and superior manner, at No 1 Harlow's Block near the Post Office Store, where classes are forming daily from 9 to 12 A. M. from 3 to 5 and 6½ to 10 P. M. A rare opportunity is thus offered to persons of all ages to receive a thorough course of systematic instruction in the Dunkerrian style of elegant rapid business writing which has met the commendations of committees and teachers, and others in the large cities of New England, and which is rapidly being adopted in all the best schools throughout the country. j19

"DIGEST" Such is the true meaning of the word "PEPSIN," or if the Greek word from which it is derived. This is the significant and appropriate title of the TRUE DIGESTIVE FLUID, or GASTRIC JUICE, prepared by Dr. S. No art of man can equal its curative powers. It renders GOOD EATING perfectly consistent with HEALTH. See the figure of the Ox, on any other part of this paper.

The triumphant success of the great Arabian remedy for man and beast. H G FARRELL'S

Celebrated Arabian Liniment,

is causing counterfeits to spring up all over the country, spreading their baneful influence over the land robbing the pockets of the honest and unsuspecting, by imposing upon them worthless and poisonous trash for the genuine H G Farrell's Arabian Liniment. Fellow citizens look well before you buy, and see if at the label of the bottle has H G Farrell's, for if it has not it is *counterfeit*. The Label around each bottle of the genuine Liniment reads thus, "H G Farrell's Celebrated Arabian Liniment, and the signature of the proprietor is written upon the label also, and these words are blown in the glass bottle, "H G Farrell's Arabian Liniment, Peoria."

The daring boldness of the rascals who would deceive the people by imposing upon them worthless trash, for a really genuine and good medicine, thus not only cheating them out of their money, but that which is far dearer—their health—is right to be held up to scorn, and receive the condemnation of all honest men. Let every one then who regards his own health and wishes truth and honesty to triumph over deception and rascality, put his heel on all such impositions, and uphold that which is just and right. The genuine H G Farrell's Arabian Liniment has proved itself to be the most remarkable medicine known for the cure of rheumatism, neuralgia, sciatica, wounds, lacerated, sprains, bruises, hardened lumps, burns, wounds, corns, chronic sore and weak eyes, pain back, etc, etc, and is an effectual remedy for horses and cattle, in the cure of sweeney, distemper, lameness, dry shoulder spine, wounds, etc, etc, and with always stop the further progress of poll-evil, fistula, ringbone, and blood spavin, if used in the beginning.

"LOOK OUT FOR COUNTERFEITS.

The public are cautioned against another counterfeit, which has lately made its appearance, called W R Farrell's Arabian Liniment, the most dangerous of all the counterfeits, because his having the name of Farrell, many will buy it in good faith without the knowledge that a counterfeit exists, and they will perhaps only discover their error when the spurious mixture has wrought its evil effects.

The genuine article is manufactured only by H G Farrell, sole inventor and proprietor, and wholesale druggist, No. 1 Main Street, Peoria, Illinois, to whom all applications or Agencies must be addressed. Be sure you get it with the letters H. G. before Farrell's, thus—H. G. FARRELL'S—and the signature on the wrapper, all others are counterfeits.

REMOVAL.

DR. TURNBULL, Oculist and Aurist from London, has removed from N Y Hotel to Winthrop House, Boston Office hours from 8 to 2

[From the London Times.]

A number of scientific gentlemen assembled yesterday at the house of Dr Turnbull, in Russell square, to witness the results produced by a process recently discovered by the Doctor and applied for the cure of deafness and dumbness. Between twenty and thirty patients attended, two of whom it was stated by their parents had been cured deaf and dumb. They were submitted to various tests by which it was proved that these deafness had been cured by the application of Dr Turnbull's remedies and what appears most singular is, that whether the disease depended on the paralysis of the auditory nerve, rupture of the tympanum or obstruction of the intern passages relief had been obtained, or complete cure effected without pain or inconvenience Several patients who had represented that they had been completely blind, said that they could now see perfectly well. jy29 2w

Great Excitement!

Among Carriage Makers.

THE subscribers have purchased the right to make, use and sell

Everett's Patent Coupling

for the Counties of Penobscot, Piscataquis, Waldo, Hancock, Washington and Aroostook. The advantages of the above Coupling over the old method of connecting the main part of the Carriage with the front part, is such that it must come into general use when it is properly understood. High furnaved wheels can be used, and we get rid of the gallies irons, as the wheels do not strike the body, and the carriage turns in a very small compass, the hind wheel is not describing more than 4 to 6 feet circle. It is perfectly simple, and not so liable to get out of order as the old method. Those who have used the above are fully satisfied of its utility, as cert ficates below show. It can be attached to old carriages at a small expense, and we are prepared to sell the right for Shops to travel and would sell a right of the above named Counties, at such a rate that any smart man with a small capital, could realize a great profit from the sale of the above. Any person wishing information will receive immediate attention at our place of business, or by dropping us a line by mail, post paid.

We have leave to refer to Messrs I. H. Norcross, Chase & Littlefield, and C. S. Cox, Esq., who are using the same. D. W. MORRILL & CO.

This certifies that we, the undersigned, have examined Everett's Patent Coupling and think it an excellent improvement and have bought rights for using the same.

Sell Acquired Fame!

DR. JOHNSON'S
AMERICAN ANODYNE LINIMENT.

For Internal and External Use.

THIS wonderful Medicine, now astonishing the public by its wonderful cures, has never had the advantage of a newspaper puffing, but has acquired a higher and more extensive popularity than any other similar compound in the world. It is entirely a vegetable extract perfectly safe to be administered even to the most delicate child and yet unlike astonishing and virtuous in its effects upon man or beast. To those unacquainted with this invaluable medicine we say, Give it a fair trial, and we promise you a radical cure of Coughs Colds, Asthma Bronchitis Whooping Cough Influenza, Spitting of Blood and all Lung Complaints Chronic Diarrhœa an Dysentery, in all of which cases it should be used internally The Acts of its external application in cases of Rheumatism, Sound Diseases Strains Chapped Hands Bruises Burns, and all descriptions of wounds, are magical Persons troubled with Cramp in the Stomach Side, or Bowels, sore Throat Piles &c &c by a combined internal and external application of this Anodyne, cannot fail of certain and speedy cure The proprietor can produce volumes of testimonials in the hands of his agents to bear witness to the truth of these recommendations as it has done for forty years past We ask no man to use it after an unsatisfactory trial In its composition it unites several of the most powerful healing properties known to the materia medica—The inventor of this medicine was in the possession of a successful practice of medicine for more than twenty years

To prove to certainty the healing properties of this medicine for a number of years with a distinguishing degree of success, I will refer the public to the following testimonials, which appeared in the Boston Mercantile Journal in 1848 Mr Eddy's name appeared in the advertisement of a company of gentlemen for the purpose of manufacturing the Liniment, but I was unable to stand or help myself. At that time your Liniment was proposed to me and by the use of the first bottle I was entirely cured, and have since been able to do every day I have work for the last twenty years and been free from any severe attack of bilious cholic, and never find any pain but a few drops of your Liniment will relieve which I have held in reserve in case of a return of this complaint I can only say I think your Anodyne Liniment was the means of saving my life. JOHN I STRING

Brewer, Sept 29, 1852

Dr Johnson Dear Sir—In consequence of having a fever sore on my leg, it became entirely stiff at the knee I was decided by the best surgeons that my leg must be amputated—but fortunately heard of your Anodyne Liniment and by using three bottles, my leg was in fine order and strength and for a number of years have been free from it and it is well as ever. I could not in conscience refrain to the use of your Liniment which I consider to be of Providence, for the use of my leg and would say to others who may need help in this way try it, and I doubt not you will be cured

DR. MORSE'S INVIGORATING CORDIAL!

FOR SEXUAL DEBILITY IMPOTENCY IN COMPLIANCE OR NOCTURNAL EMISSIONS, &c The astonishing success which has attended this wonderful medicine for *Lost Manhood Exhausted Vigor and Lassitude, and General Prostration*, or any of the concomitant ills of youthful indiscretion, or maturer years, has induced the proprietor to offer it to the afflicted at a price so low that it will place it within the reach of every one in need of it

This invaluable preparation is the most powerful restorative ever discovered In fact it is the only one that can be relied on with certainty to restore the system to its original vigor and health The WONDERFUL VITALIZER PRODUCE THE ONLY of which this medicine is composed has been tested and its efficacy established by the most eminent physicians of Europe as well as by eminent Physicians of this country It is the only powerful remedy for NERVOUS DEBILITY and MIND COMPLAINTS—the mind physically and mentally, and restores to health, the only agent that can administer to MIND DISEASES It will restore all the worst cases of DEPRESSION EXCITEMENT, MEMORY CONFUSION in the night of self Destruction, fear of insanity, &c It will restore the appetite renew the health of those who have been enervated by Sensual Excesses, or evil practices It has been and is now the means that these sufferers, and some &c, were in vain Dr Morse's Invigorating Cordial has, and is constantly doing these complaints yield to the mild and gentle influence of this medicine, and the sufferer as the following testimony of the numerous cases I will conclusively show

Dr Morse Dear Sir—The Massachusetts Income Hospital written testimony of the patients being cured by using this cordial in their patients, while in the hospital, I prescribed some of your cordial He tells me that he has had a long extent since he commenced using it, which he before the last two or three weeks When he applied to me he was Dr M I thought it hardly possible to do him even to give him full strength I prescribed the cordial medicine used in those cases in his hospital, but they had no effect In the meantime he purchased some of your Cordial which has relieved, or cured I am under no other medicine would I shall ever recommend when I can an opportunity

The above are only a few of the testimonials received by this Cordial, but are generally sufficient to have the publication of certain cases of cure set out of the most doubt, and the proprietor would produce a host of the most conclusive testimony to how that the great reputation it enjoys was not fairly and evidently obtained, and is firmly based upon its positive and frequently marvellous virtues In all directions he has been the happy parents of healthy offsprings, who would not have been so but for this extraordinary preparation And it is justly patent for many diseases for which it is recommended

THE MEDICAL JOURNALS have not in a single instance that has been authenticated given the slightest hint to any their preparation for the above complaints It has in many violent and desperate cases, effected radical cures, after patients had been given up, and their conditions pronounced hopeless by the ablest practitioners of high professional character

THE COMMON EXPRESSION Of those who have used this Extract is—"I had and your Cordial highly spoken of, but was one of those credulous in regard to its merits having tried various medicines sold for the same purpose, (different Sarsaparillas) without derriving any benefit I had almost given up all hope of obtaining relief, when I purchased some of your Cordial I had no faith whatever of its benefiting me—but it has I feel stronger have had no symptoms since, although it is now three weeks. I am satisfied the half a dozen bottles I took will cure me"

Another says—"I had consulted several distinguished physicians, Sarsaparilla I could not be cured others prescribed this thing and that but I found no relief until I procured some of your Cordial I must say it completely cured me"

Another says—"I was surprised at the effect your Cordial had. Why had I not heard of it before? It would have saved me so much expense, besides years of mental and bodily suffering

CAUTION—Ask for Dr Morse's Cordial and take no other, as there are worthless imitations which have no equal in excellence, fame and popularity, have brought into the market It will not hurt the most delicate female, but do good. Beware of all other Cordials, &c, (and try only this)

Notice Persons conscious of physical inability from causes above named may confidentially consult Dr Morse personally or by letter (post paid) at his office, 78 Sudbury street, Boston The necessary advice and medicine for the speedy removal of such disability will be safely forwarded to the writer's address

Dr M is prepared to warrant a perfect cure in every case or take no pay

Prepared by Dr Morse M D, New York city

It is put up in pint bottles, with the words Dr Morse's Vigorating Cordial, blown on the glass Price $1 per bottle 2 bottles $5, 6 bottles $12, and $24 per dozen.
